

Beating the Crisis

Win or Lose

Konstantin Yurchenko

Partner with the Tax Department
of KPMG in Russia and the CIS

Qualification

UK certified accountant (ACCA); Diploma of the Moscow Institute of Electronic Machine-Building.

Experience

Konstantin has extensive experience in many areas of taxation; he worked at the Moscow office of Big 4 companies for more than 13 years.

Konstantin has been providing international taxation services for ten years, specifically:

- He was involved in the structuring of investments of largest Russian companies abroad;
- He ran international projects on the development of a management structure for Russian groups;
- He led projects on comprehensive restructuring of largest Russian enterprises, in particular:
 - a project to develop an import-export and holding structure for a Russian automobile manufacturer participating in foreign projects;
 - a comprehensive project on development of arrangements for restructuring one of the largest

- Russian oil and gas production groups. This work included the restructuring of the group's Russian and foreign operations, using arrangements with the foundation of companies;
- a comprehensive project on development of arrangements for restructuring one of the largest Russian metallurgical groups. This work included the creation of management and ownership structures for Russian and foreign assets;
 - a project on developing arrangements for reorganization of one of the largest Russian non-ferrous metallurgical companies.
- Konstantin has a broad experience with Energy & Natural Resources (Atomstroyexport, En+, NLMK, TNK-BP); Industrial Markets (Basic Element, Lafarge, Nikken UK, OMZ, Silvinit, Voskresensk Cement, UC RUSAL); Information, Communication, & Entertainment (Avaya, Kaspersky Lab ZAO, Microsoft, Svyazinvest, Teliasonera); Consumer Markets (Adidas, Nestle); Infrastructure, Government & Healthcare (Glavstroy, Transstroy, UTair).
